Wells Fargo Credit Connect

Wells Fargo offers a paperless processing method for Consumer Credit Card Account Applications (“Credit Applications”) and Invoices called Wells Fargo Credit Connect (“WFCC”). To request Wells Fargo Credit Connect, please complete this document.

Instructions & Procedures

- **WFCC is expressly prohibited on consumer customer-owned computing devices.**
- You are responsible for providing each of your Retail Locations with the necessary equipment and Internet connectivity, including your computing devices (e.g. smartphones, tablets, laptops, desktop computers, etc.), to connect to WFCC.
- You will maintain any computing devices that utilize WFCC in conjunction with our security and firewall requirements for submitting Credit Applications and Invoices to us, as well as any other security requirements we may require with respect to computing software or mobile applications generally, and that we may communicate to you from time to time.
- To use WFCC, your consumer customers must consent to receive disclosures electronically and must provide a valid email address to receive an electronic copy of the Credit Card Agreement, Privacy Notice, and/or Invoice.
- You acknowledge and agree that your paper-based Credit Application and/or Invoice process will be used in instances where: your consumer customer does not consent to receive disclosures electronically; your consumer customer does not have or does not wish to provide a valid email address; your consumer customer is not comfortable using your computing device(s); or where you do not have secure internet access.
- WFCC may be temporarily unavailable from time to time, without notice, for reasons which may include, but not be limited to, system changes, hardware or software updates, or power outages. In addition, we may, in our sole discretion, permanently terminate the availability of WFCC at any time in the event we determine that WFCC is being utilized in a manner contrary to our Instructions and Procedures and/or your program agreement with us.
